

School Nutrition Programs Joint Agreement

A joint agreement is required when a School Food Authority (SFA) will administer School Nutrition Programs (SNP) for another school (referred to as "site" in the joint agreement) that is legally separate from the School Food Authority and is eligible to participate in SNP.

- This template must be used for the joint agreement.
- Meals served at the school qualify for SNP reimbursement if a joint agreement is in effect and the school is an approved site on the School Food Authority's application to the Minnesota Department of Education (MDE) to participate in SNP.
- While this joint agreement is in effect, the school may not participate in SNP independently from the School Food Authority or independently claim program reimbursements.

The School Food Authority is responsible under its program agreement with MDE for ensuring that program requirements are met at the school including accurate meal counts taken at the point of service. The School Food Authority is responsible for fiscal or other corrective actions taken concerning program operations at the school.

Instructions for completing Section I: Information in Section I must be complete in order to meet SNP requirements. Section I provisions may not be changed except for information required to be inserted.

Instructions for completing Section II: Information in Section II may be provided as needed to specify operational requirements. The School Food Authority and school may change, add to, or delete Section II provisions as long as Section II does not conflict with Section I.

Section I

The School Food Authority and Site must provide all requested information in Section I.
